\* The low-bid from The Hall Group was for a Bush-Whacker ST-180, which our field and mechanics staff did not feel met our requirements and was not specified as a part of this Request For Bid. Therefore, the bid from The Hall Group was rejected.

There was a 3-way tie for second low-bid. After evaluating these responses, it was decided to award to this Lock Farm Equipment who had the units on-hand and had the best delivery time of all the tied bidders.

Notification of the online posting of this RFB opportunity was also sent to Crown Power & Equipment, Paris Equipment Sales & Service, and Terry Implement Company, but no responses were received from these vendors.
