REVISED PRICING PAGE CLARIFICATION

QUESTION:

It appears in the addendum that you want Tables 1, 2, and 3 modified to reflect the additional requirements spelled out in the addendum. Following the format on the tables, this will create annual totals including addendum additions for each category. However when it comes to inserting the revised pricing page (new page 73), you are requesting the addendum items be listed separately. This will create values on the pricing pages that do not match the totals from tables. I just want to be clear that you want the values presented this way, as the transfer totals from the tables will not match the pricing pages.

RESPONSE:

The additional items as indicated on Addendum 001 should be incorporated in the Table 1, Table 2 and Table 3 line items on the pricing page. Section B regarding the additional items, indicate the cost of the Arterial Management Integrator as summary information for that item's cost. Section C- TOTAL PROPOSAL COSTS will include total cost of the entire proposal and should equal the bidders submitted and modified Exhibit I cost tables.

THIS ADDENDUM MUST BE SIGNED AND SUBMITTED WITH RESPONSE.
