Award will be made to the company with the lowest price meeting all specifications and requirements per line item.

If low bidder per each line item does not offer transparent in color (clear) tanks, an additional award of that line item will be made to the supplier offering the lowest price for transparent tanks, as long as the bid price is within 10% of the original low bid price.

It is unclear as to the actually quantity that will be purchased. The outcome of this bid however may be purchased from at a statewide level due to the aging of existing tanks and the need for containment.

Section 34.355, RsMO, requires the vendor or contractor to certify his compliance with Section 34.353 and, if applicable, Section 34.359, RsMO, at the time of bidding **and** prior to payment. Failure to complete and return this document with this bid will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis. Please read the certification appearing below on this form.

CERTIFICATION

By submitting this document, completed as directed above, with a bid, the bidder certifies under penalty of making false declaration (Section 575.060, RsMO) that the information contained in this document is true, correct and complete, and may be relied upon by the State in determining the bidders qualifications under and in compliance with the Missouri Domestic Products Procurement Act.

The bidder's failure to complete and return this document with the bid as directed above will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis pursuant to Section 34.353.3(2), RsMO.
