Re: Bid Tabulation for Bid D5-09-009B, Trash Service

Dear Vendors:

Following is the bid tabulation from bid D5-09-009B and it is not a 'Notice to Proceed.' An individual maintenance shed will be in charge of reviewing their current needs and current trash service pricing versus the new submitted pricing. Each shed will take the established pricing into consideration on their future decision. In addition, there are a few sheds that currently use the services of the city they reside in. All will be reviewed and taken into consideration.

The attached bid tabulation is listed by size of container and the number of times of pick up per week. Sheds that had more than one vendor supply pricing, that particular low pricing is indicated in bold.

When a maintenance shed makes a decision, I will be working with them to issue letters to proceed with service and/or letters to withdraw existing canisters. If you currently are providing service to our MoDOT District 5 maintenance facilities, please continue to do so until notified of the decision that is made.

Thank you for interest in bidding.

Sincerely,

Corey Duemmel

Corey Duemmel
Sr. Procurement Agent
