

## 2012 Work Zones

### MoDOT Central District

The following includes Missouri Department of Transportation construction projects in Central Missouri. Weather conditions may cause postponements in the work schedule, and other construction and maintenance work may occur on other roadways throughout the area. Many projects will include lane closures and delays can be expected any time during the duration of a project. MoDOT reminds the public to buckle up, slow down, follow posted signing and drive safely through work areas. For the latest work zone information visit MoDOT's Traveler Information Map at [www.modot.org](http://www.modot.org) or call 1-888-ASK-MODOT (275-6636).
