

## Exhibit II-4: Proposed Access Management for Lincoln Selected Alternative Map

### Route 65 (J5P0892)

#### Legend

- |                          |                     |                             |
|--------------------------|---------------------|-----------------------------|
| Access Point             | Buildings           | Existing Pavement Structure |
| Right-In, Right-Out Only | Displaced Buildings | New Pavement Structure      |
| Access To Be Removed     | Parcels             |                             |

*The details associated with providing the access proposed in this figure will be completed during the final design process. Consequently, some elements may evolve. It is the intention of this plan to provide access to all existing parcels. The consolidation of access, such as through the use of common driveways, may require easements or other mechanisms to ensure appropriate access.*
