

Enhancements

Route 150
project news
from the
Missouri
Department of
Transportation

February 2007

Priorities

MoDOT and the design team have discussed the enhancement application to be submitted to the Mid-America Regional Council (MARC) for the Route 150 Widening project with city staff from Grandview, Kansas City, and Lee's Summit. Enhancement dollars are needed to fund priority amenities that residents and stakeholders have indicated are important for the corridor.

Landscape Concept

Knowing that the enhancement application process is competitive and funds are limited, city staff have recommended that a Landscape Concept be created that supports priority enhancements related to the following:

- **Walkability**
*In Grandview, Kansas City,
and Lee's Summit*

- **Trail Connections**
*To Nearby Schools, Waterways
Recreational Areas, and
Existing Trails*

- **Median Treatments**
*With Concrete, Grass, Trees
and/or Other Types of
Landscaping*

- **Monument Signs**
For Cities and/or Trails
