**ADDENDUM 003
REQUEST FOR BIDS
Skiles Grading Project
Request for Bid 9-120509TV**

Bidders should acknowledge receipt of Addendum 003 (THREE) by **signing and including it** with the original bid. The due date for receipt of bids is extended to May 17th, 2012. Accordingly, the following clarifications, questions and answers are believed to be of general interest to all potential Bidders. All other terms and conditions remain unchanged and in full force.

Name and Title of Signer (Print or type)	Name and Title of Department Authority Name Tom Veasman Title Sr. General Services Specialist
Contractor/Offeror Signature	Department of Transportation 
(Signature of person authorized to sign)	(Authorizing Signature)
Date Signed:	Date Signed: 5/9/2012

Additional Vendor Questions:

Question: There is no pay item for the 35' wide concrete entrance to the employee parking lot. Are we to assume that this entrance will be constructed by others?
Yes, this entrance will be constructed on the next contract.

Question: One thing that I do not find addressed in the JSP's, will the City require a Land Disturbance Permit for this project?
A Land Disturbance Permit will be needed for any work in the KCMO right-of-way, i.e the water and sewer connections.

Question: Under the JSP Utility Service Connections, you have listed permits for KCMO that will be required. Item A. Authorize to Connect, is this for the Sanitary Sewer and is this replaced by Matt Thomas in Addendum 2?

RFP 6-060411
Addendum 001

Authorization to Connect for Water and Sewer connections will go through Mr. Dion E. Walton's office. Currently I understand Dion is on leave and Mr. Tom Nguyen is filling in for him. Tom's number is 816-513-2549.

Water connections and inspection permits come from the KCMO Water Services. My contact is Ms. Carla Haskins, 816-513-2133, Carla.haskins@kcmo.org (This also includes the 6" Fire Line)
Sewer connections will remain with Mr. Matt Thomas / Mr. Tim Hagar.

Question: I assume Item B Water Inspection Permits is replaced by Rena Zonnooz on Addendum 2. Is this correct?

Mr. Rena Zonnooz is on the Design side of the Water Services. Ms. Carla Haskins will handle the Water Service inspection permits.

Question: Also, do you have any contacts for the Plumbing, Excavation & Traffic Closure permits? Plumbing Permit would be come thru Sy Noorbakhsh, KCMO City Planning, 816-513-1501
Note the plumbing permit refers to any plumbing on the inside of the building except the back flow preventer. The back flow preventer and any pipe connecting between it and the city water main would be under the Water Services permit.

Excavation Permit for the sewer connections would come through KCMO Public Works. Contact would be Mr. Brian Flynn, 816-513-2646. (Ms. Michaela Mays will be Brian's back-up for the month of June 2012)

Traffic Closure permit would be Ms. Michaela Mays, KCMO Public Works - Transportation, 816-513-2574

Another correction to Addendum No. 002:
KCP & L contact correction
Julie Betz, KCPL General Design Tech
816-420-4725 office

Julie.Betz@kcpl.com

The following information was received from KCMO Water Services concerning the permit / inspection fees for the water and fire lines:

Our records indicate a 12" water main in N. Skiles. Please note that each time the plans are resubmitted there is an additional \$60.00 resubmittal plan review fee. The resubmittal fee is generally not mentioned for the purpose of bids. These fees will be paid by the licensed master plumber when he obtains the permits.

The permit fees for the proposed 6" fire protection and 2" domestic service are:

Plan Review fee	\$100.00
Connection permit for the fire protection	\$82.50
12 X 6 tee connection for 6" fire protection	\$1771.00
Backflow permit for the fire protection	\$150.00
Connection permit for the domestic service	\$82.50
12 X 4 tee connection for 2" domestic service	\$1617.00
2" domestic water meter	\$517.50
Backflow permit for the domestic service	\$150.00
