Kansas City Missouri District Management Team

The Missouri Department of Transportation is committed to providing the public with a safe and modern transportation system. MoDOT designs, builds, and maintains roads and bridges, and works to improve airports, river ports, railroads, public transit systems and pedestrian and bicycle travel. The agency also administers motor carrier and highway safety programs.

The Kansas City Missouri District is one of seven districts responsible for administering all department activities in nine counties in Missouri, which include: Cass, Clay, Jackson, Johnson, Lafayette, Pettis, Platte, Ray and Saline. The Kansas City District has several professionals available to speak to any group, business or organization about transportation-related topics. Call 1-888-275-6636 or e-mail kccustomerrelations@modot.mo.gov to request a speaker.

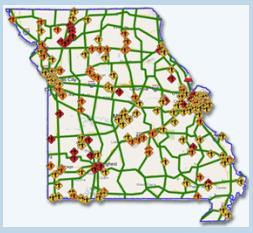
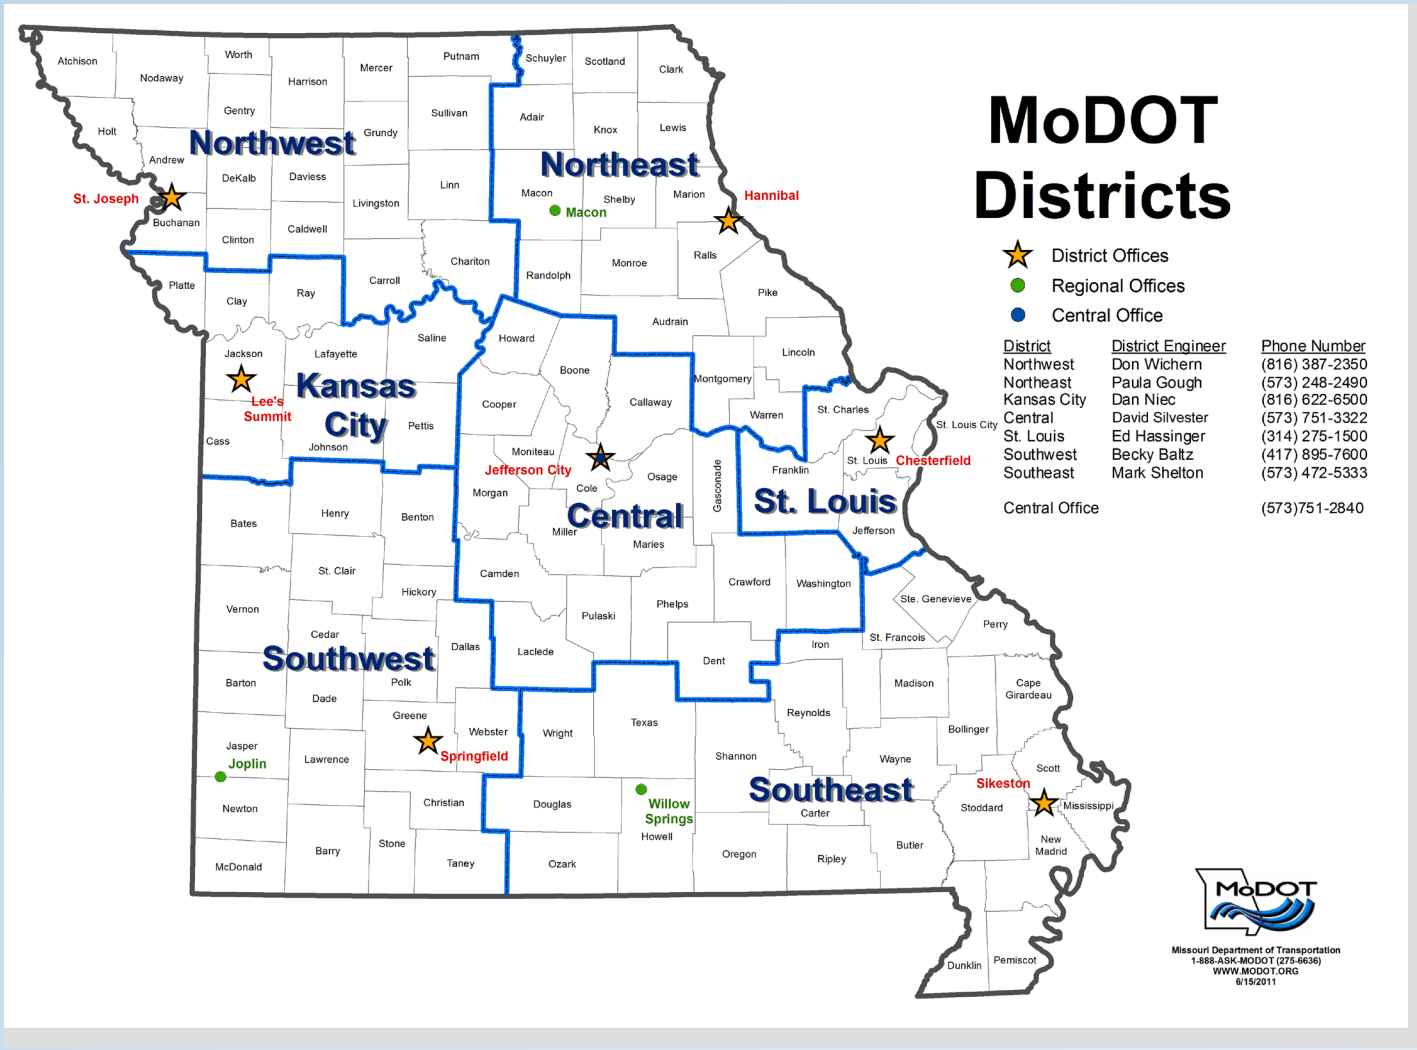
Visit Our Traveler Information Map

MoDOT's Traveler Information Map provides a view of road conditions for major Missouri highways. The map shows work zone locations, flooding information, weather-related road conditions and incidents that affect travel.



Commercial drivers can view information on oversized/over-dimension loads, vertical clearance and commercial zones.

A weather radar image and links to road condition maps for surrounding states are also available on the Traveler Information Map at www.modot.org/kc.



Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri.
