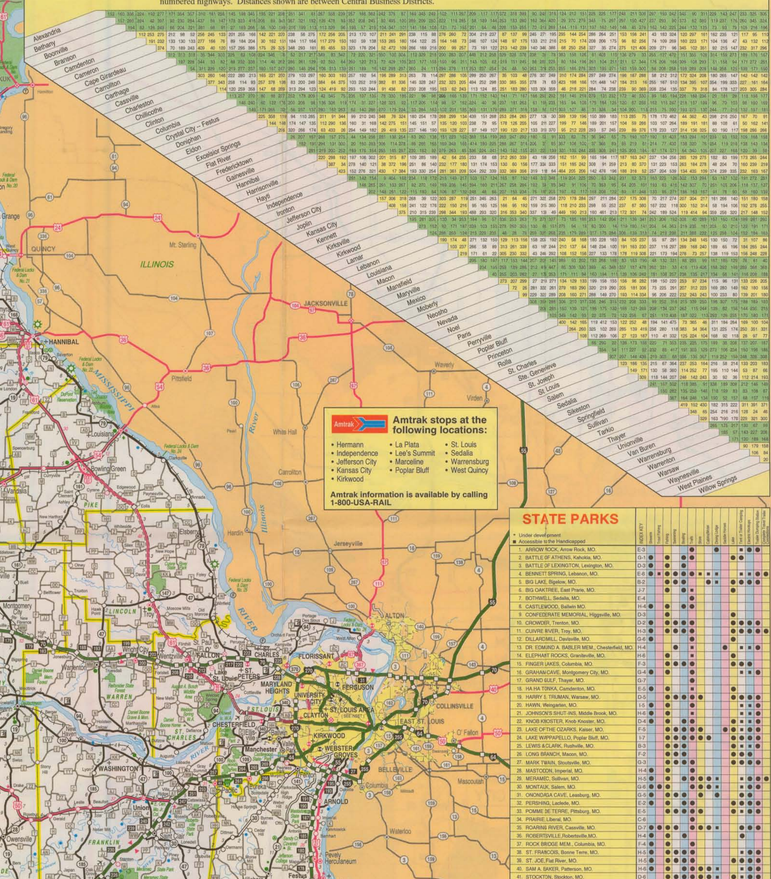
MILEAGE CHART

To find the distance between any two towns listed on the mileage chart, select the one that comes first in alphabetical order and follow across the horizontal row of figures from this name until you reach the vertical column of figures leading down to the other name. At this intersection you will find the approximate distance in miles between the two points, by the shortest or most practicable route, following numbered highways. Distances shown are between Central Business Districts.



INDEX to CITIES and COUNTIES

Official 1990 population
