

The Missouri Department of Transportation is proposing to amend the state's five-year statewide transportation improvement program.

A 7-day public comment period regarding the amendment begins March 2, 2010 and ends March 9, 2010. The proposed March amendment is attached below. Comments may be submitted via telephone to MoDOT's customer service centers at 1-888 ASK MODOT (275-6636), email sent to TPM@modot.mo.gov, or letter addressed to Transportation Planning, Amendment Comments, P.O. Box 270, Jefferson City, MO 65102.

Following the public comment period, the comments and project amendment will be presented to the Missouri Highways and Transportation Commission on March 10, 2010 for consideration of approval. Proposed projects located in the metropolitan planning organizations in St. Louis, Kansas City, Springfield, Columbia, Jefferson City, Joplin and St. Joseph are subject to discussion and approval by the appropriate metropolitan planning organization.

The Missouri Highways and Transportation Commission approved the current statewide transportation improvement program in July 2009. Amendments occur due to unforeseen circumstances, changing conditions or new opportunities that require a more rapid response than can be provided by an annual update.
