

St. Louis City Construction — 2013-2015

2013

- 1 **I-64, Bridge replacement at Jefferson Avenue** - This project will remove and replace the Jefferson Avenue Bridge over Interstate 64. The new bridge will be wider and will have upgraded sidewalks, bike lanes and pedestrian ramps. Jefferson over I-64 will be closed for up to four months during construction. Work starts in early 2013, with a completion date of September 1.
- 2 **I-64, Corridor lighting project** - This project upgrades existing lighting along I-64 in St. Louis to tower-mounted lights between Kingshighway and the I-55 ramps on the PSB. Work should start and be complete by the end of the year.
- 3 **I-64, Tower Grove and Boyle interchange project** - MoDOT has partnered with Washington University Medical Center to improve the flow of traffic around Kingshighway and the east side of the medical campus. This project also includes new bridges at Taylor and Newstead. Construction should start in January 2013 and be completed in summer 2014.
- 4 **I-70 Park Over the Highway project** – This project constructs the Park Over the Highway portion of improvements related to the Jefferson National Expansion Memorial Park. It includes work on memorial Drive from the Illinois ramps to Washington Avenue and on future I-44 from the Poplar Street Bridge to Broadway. work is part of CityArchRiver 2015.
- 5 **I-70 reconstruction** – This project rebuilds the ramps between I-44 and Washington Avenue and makes infrastructure improvements between Washington Avenue and the Martin Luther King Bridge. Work is part of CityArchRiver2015.
- 6 **I-70 Mississippi River Bridge project** – This project constructs the Mississippi River Bridge between St. Clair County Illinois and St. Louis. It includes work to tie I-70 to the new bridge and includes connections to Cass Avenue, Tucker Boulevard and Madison Street. The bridge and associated roadways are scheduled to be open to traffic in early 2014.
- 7 **I-70 pavement work** – This project overlays the driving surface from Branch Street to Cole Street. Work starts in summer 2013 and is complete in fall.
- 8 **Route 100 (Chouteau) pavement work** – This project overlays the driving surface from the St. Louis City limits to Spring Avenue. The work also includes pedestrian improvements on the route. Work will start in early 2013 and be completed by fall 2013
- 9 **Route 366 (Chippewa) pavement work** - This project includes sealing the driving surface from the city/county limits to Broadway. This project also includes pedestrian improvements along the route. Work begins in spring 2013 and should be completed in fall 2013.
- 10 **Route D (Page Avenue) roadway improvements** - This project will improve signals, lights and pedestrian accommodations at the intersections of Skinker, Hodiamont and Union. Work will start in early 2013 and be completed in summer 2013.

2014

- 11 **I-55 pavement work** – this project overlays the driving surface from the 3rd Street Viaduct to 4500 South Broadway. Work starts in spring 2014 and is complete in fall
- 12 **I-64 Poplar Street Bridge project** – This project removes and replaces the ramps from the Poplar Street Bridge to the future eastbound I-44 and between the Poplar Street Bridge and I-55. This work starts after the new Mississippi River Bridge opens.
- 13 **I-64 Bridge rehabilitation** – This project rehabilitates and overlays the bridge over Vandeventer Avenue. Work begins in summer 2014 and should be complete in early 2015.
- 14 **Route 115 intersection work** – This project updates signals, lighting and pedestrian crossings at Goodfellow, Clara, Belt, Schnuck's plaza, Union and Kingshighway. Work starts in summer 2014 and will be complete in early 2015.
- 15 **Route 180 pedestrian improvements** – This project updates pedestrian crossings from the St. Louis City limits to Route D. Work begins in summer 2015 and ends in early 2015.

- 16 **Route D intersection work** – This project updates signals, lighting and pedestrian crossings at Newstead Avenue. Work will start in summer 2014 and ends in fall 2015.

2015

- 17 **Route 100 (Chouteau) pavement work** – This work removes and replaces the driving surface from Spring Avenue to I-55. The project also includes pedestrian improvements along the route. Work starts in spring 2015 and is finished in summer.
- 18 **Route 30 (Gravois) intersection work** – This project updates signals, lighting and pedestrian crossings at Arsenal Avenue and Chippewa Boulevard. Work starts in fall 2015 and will be complete in spring 2016.
- 19 **Route 30 (Gravois) intersection work** – This project updates signals, lighting and pedestrian crossings at Morganford Road and Kingshighway. Work starts in fall 2015 and will be complete in spring 2016.
- 20 **Route D (Page Ave) safety work** – This project makes safety improvements and updates signals at 14th Street, Jefferson Street, Martin Luther King Drive and Pendleton. Work begins summer 2015 and is complete in fall.
- 21 **Route D (Page Ave) intersection work** – this project updates signals, lighting and pedestrian crossings at Hamilton Avenue, Goodfellow Boulevard and Whittier Street. Work begins summer 2015 and is complete in fall.
